Counter nut M42, DIN 439, A4-40

ARTICLE NUMBER 1021847

We offer a variety of standard nut types for your needs. Our first option is the standard nuts, which are made of stainless steel AISI 304/A2, 1.4301. Their flat design makes them ideal for shorter threads. Another option we have is the counter nuts (DIN 439). Counter nuts are typically used in combination with a standard hexagon nut.

Technical specifications	
Drawing no.	NGI 107274
Material	A4-40
Net weight	394 g
Thread size	M42
Thread standard	Metric C
Type	Hex thin nut
