Spacer SRXH Ø25.40x25.40-Ø9, AISI 304, 2, Blue NBR

ARTICLE NUMBER 1019866

We can offer hygienic spacers with blue NBR rubber seals. The NBR rubber seal blocks out water and bacteria and prevents a non-hygienic metal-to-metal assembly.

A high focus on hygienic design ensures that the equipment can be cleaned behind and around all components.

With our hygienic spacers, we provide:

- Reduced cleaning time
- Reduced chemical and water consumption
- Enhanced food safety
- Plug & Play installation
- Stainless steel and with blue NBR rubber sealings
- Customer-specific sizes available with short delivery times

Technical specifications

Material	AISI 304	
Thread size		
Thread standard		
Thread size	None	
Bolt dimension fit		
Type		
Drawing no.	NGI 265518	
Net weight	82 g	
Outer diameter	25.40 mm	1.00"
Inner diameter	9 mm	0.35"
Height total	25.40 mm	1.00"
Thread length	0	0.00"
